PPRA 63 SLISN Report

Regular Education Program Batch 63 (PPRA 63) Participants reported the results of the National Strategic Issues Field Study program (SLISN) that has been implemented in North Kalimantan, Central Kalimantan, West Kalimantan, and Bali to the Governor of Lemhannas RI. The four groups submitted their reports at the Gadjah Mada Auditorium, Panca Gatra Building, Lemhannas RI, on Tuesday (28/06/22).

The first report was submitted by the North Kalimantan SLISN Group, which was presented by Head of Archive Department of the Provincial Government of South Sumatra, Prof. Dr. H.M. Edward Juliartha, S.Sos., M.M. as the presenter and Main Aide Officer II Operation of Navy Operation Staff Headquarters Mochammad Riza, S.E., M.Tr.Opsla as moderator. The presentation carries the title "Health Services in Remote Areas, Borders and Islands Through the 'Dokter Terbang' Program in North Kalimantan". The report from the Central Kalimantan Province SLISN Group presented by Deputy Commander of Marine Corps Division I of Navy Marine Corps Sugianto, S.Sos as the speaker and Middle Grade Officer of the National Police Chief of Staff for Human Resources M. Sabilul Alif, S.H., S.I.K., as moderator. The presentation raised the title "Central Kalimantan Towards Blue Economy".

The third report from West Kalimantan SLISN Group, which was

presented by the Intermediate Policy Analyst for the National Police School of Science and Education, Wisnu Putra, S.H., S.I.K., as the presenter and Deputy General Chairperson II of the National Association of Lecturers of Pancasila and Civics (ADPK) Dr. Margaretha Hanita, S.H., M.Sc., as moderator. The presentation raised by the West Kalimantan SLISN group discussed the acceleration of independent village development in West Kalimantan Province which focused on achievements, challenges, and prospects. The fourth report from Bali SLISN Group presented by the Director of the Bank of the Indonesian Macroeconomic Policy Department Yanti Setiawan, S.E., M.M. as the presenter and Director of the Doctrine of Navy Doctrine Development Command Dato Rusman S.N., S.E., M.Sc., M.Tr.Opsla as moderator. The Bali SLISN group gave a presentation with the title "Transformation Towards Green Economy to Increase the Economic Resilience of Bali".

At the end of the event, the Governor of Lemhannas RI gave a review of the SLISN report given by PPRA 63 participants. He asked that PPRA 63 focus on finding best practice in solving strategic issues. "We can offer standardization that can be repeated many times at other times in other places that can be done by other people," said the Governor.

Closing of the **Capacity Building for Lemhannas RI's Personnel**

Capacity Building for Lemhannas RI Personnels in the context of Making Indonesia 4.0 of 2022 was officially closed by the Governor of Lemhannas RI Andi Widjajanto on Tuesday (28/6/2022) at the Dwi Warna Purwa Room, Lemhannas RI.

Deputy for National-Level Leaders Education at Lemhannas RI Major General Sugeng Santoso, S.I.P. in his report to the Governor of Lemhannas RI said that overall, the Capacity Building for Lemhannas RI Personnel in the context of Making Indonesia 4.0 of 2022 has gone well, smoothly, and according to plan. The participants following the event enthusiastically and seriously and they are entitled to a graduation certificate. "It is hoped that the participants can participate

in advancing Lemhannas RI and collaborate with relevant stakeholders," the Deputy for Education said.

"We do this training, among others, to break the rigidity, so that we can change mental blocks. The structure (of Increasing capacity) produces a method that can be followed, but don't let the structure create new rigidities that will eventually create a new mental block," the Governor of Lemhannas RI conveyed when giving his speech.

Furthermore, the Governor also said that the challenge after participating in capacity building activities was to apply it to their daily work such as curriculum transformation in the Deputy Office of National-Level Leaders Education, resulting more precise and

faster study in solving problems in the Deputy Office of Strategic Studies, and using Theory U in the Deputy Office of Strengthening of National Values because it is the main material in increasing the capacity of personnel in carrying out the transformation. "In secretarial, very large programs ranging from personnel career development, financial planning, and other programs." The Governor said.

Ending his remarks, the Governor thanked all parties involved in the implementation of Lemhannas RI Capacity Building in the context of Making Indonesia 4.0 in 2022. "I hope everyone who carry out this training can offer how we can transform," he concluded.

Socialization of Srikandi Application to support G2G

Lemhannas RI held a socialization about the implementation of Integrated Dynamic Archive Information System (Srikandi) on Tuesday (28/6/2022) in Pancasila Room, Trigatra Building, Lemhannas RI. The Socialization presented Junior Archivist of the National Archives of the Republic of Indonesia (ANRI) Azwar Sanusi, S.I.P., M.Si. as a speaker.

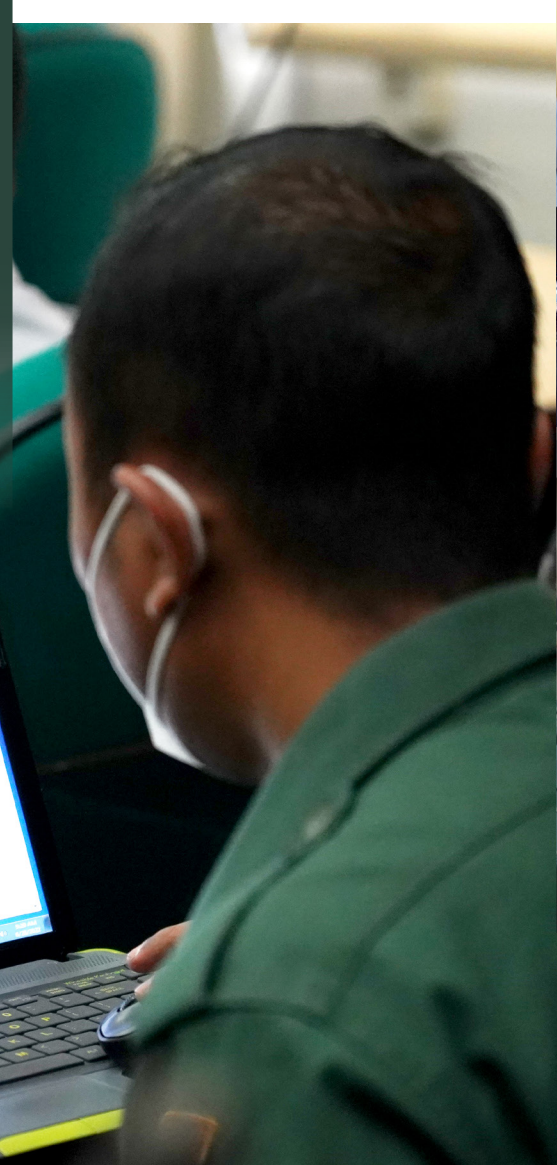

The Chief of Cooperation and Law of Lemhannas RI Brigadier General Purwadi, M.Tr (Han) in his remark conveyed that by applying Srikandi, the administration will not be limited by distance and time. "it means, the administration process can be done whenever and wherever," he said.

The Srikandi itself is collaboration result among Administrative and Bureaucratic Reform Ministry (Kemenpan-RB), Communication and Information Ministry (Kominfo), The National Cyber and Encryption Agency (BSSN), and ANRI which aims to achieve Government to Government (G2G). As an application for all Ministries/Agencies/Institutions in central government, business process,

standard data and data security of Srikandi have been standardized and integrated according to Kominfo regulations and developed by ANRI.

The standardization and development is carried out to meet the needs of making correspondence and electronic archives online and integrated. ANRI Junior Archivist Azwar Sanusi, S.I.P., M.Sc. on this occasion directly guide the participants in using Srikandi application. Furthermore, data completion is also carried out in srikandi.jasa.go.id website. "It is hoped that those present here will become (Srikandi) agents in the work unit," he explained.

In supporting the implementation of SPBE, Lemhannas RI has also built 30 application systems. With the establishment of SPBE in Lemhannas RI, it is hoped that clean, effective, transparent and accountable governance as well as quality and reliable public services can be realized. Lemhannas RI is also in the process of applying Srikandi application.

Lemhannas RI Laboratory Center Conducts Dissemination in North Maluku

Lemhannas RI Laboratory Center conducted the Dissemination of the National Resilience Measurement System on Wednesday and Thursday, (29–30/6/2022) in North Maluku.

Before carrying out the dissemination activities of Lemhannas RI Laboratory Center led by the Head of Lemhannas RI Laboratory Center Air Commodore Suroto, S.T., M.A.P. held an audience with the North Maluku Provincial Government

at the Sahid Bella Hotel, Ternate, North Maluku, which was received by the Regional Secretary of North Maluku Province, Drs. Samsuddin Abdul Kadir. Also accompanying the Secretary of the North Maluku Province were the Governor's Expert Staff for Political Law and Government Affairs Abuhari Hamzah, Assistant II for the Economy and Development Administration of North Maluku Province Ir. Sri Haryanti Hatari, and Head of the Regional Development Planning Agency (Bappeda) of North

Maluku Province Salmin Janidi, S.H., M.Hum.

"The condition of the national resilience of the Republic of Indonesia must always be monitored to be aware of and maintain that the condition of the national resilience of the Republic of Indonesia is always in a very safe condition," the Head of Lemhannas RI Laboratory Center said. According to him, by always monitoring and knowing the condition of national resilience, the government can take strategic steps and efforts by strengthening certain aspects that are considered weak. The strengthening is carried out through national development programs at the central, provincial, and district/city levels.

Furthermore, the Head of Lemhannas RI Laboratory Center said that fostering national resilience in North Maluku had been accommodated with a Memorandum of Understanding between Lemhannas RI and North Maluku Province Number: PKS/41/XII/2009 dated December 16, 2009 regarding Cooperation in the Framework of Improvement and Development of National Resilience of North Maluku Province. However, since the end of 2014, the validity period of the memorandum of understanding has expired. Therefore, a cooperation agreement regarding data sharing is currently being explored in the context of collecting and processing data on the North Maluku Province National Resilience measurement system between Lemhannas RI Laboratory Center and Bappeda of North Maluku Province.

"It is hoped that this activity will further simplify and expedite pilot activities and integration of North Maluku Province national resilience measurement data with district/city databases which are planned to be implemented in the 2023 fiscal year," the Head of Lemhannas RI Laboratory Center.

FGD on **Strengthening Transnational Ideology in the Democratic Consolidation Process**

The Governor of Lemhannas RI Andi Widjajanto opened a Long-Term Focus Group Discussion (FGD) with Bali Regional Police with the theme "Dealing with the Strengthening of Transnational Ideology in Consolidating Democracy" on Wednesday (29/6/22), at the Kartika Plaza Hotel, Denpasar.

Data collection activities to support the study were carried out until Sunday (3/7/2022). During their six-day stay in Bali, Lemhannas RI research team conducted several FGDs with various parties, namely Bali Provincial Government, Bali Regional Police, Regional Military Command IX/Udayana (Kodam IX/Udayana), and Udayana University. In the FGD, the Governor of Lemhannas RI conveyed the important pillars in responding to the transnational ideology that had begun to

be obtained. "What we have to examine objectively is do not to let the pillars stay at the rhetorical level so that it is difficult to implement those pillars in a more operational framework," the Governor of Lemhannas RI said.

According to the Governor, it is necessary to find methods and platforms for certain groups to develop transnational ideologies. "We can examine whether the transnational idea is present under our awareness or under our supervision, because it is present in the form of culture, it is present in the form of a brand, it is present in the form of events that we did not expect, which turned out to be a forum for the spread of transnational ideas. That's what we want to get," the Governor of Lemhannas RI explained.

Presented at the FGD as a resource person were the Deputy Chief of Bali

Regional Police, Police Brigadier General Drs. Ketut Suardana, M.Sc., Rector of IGB Sugriwa State Hindu University Prof. Dr. Drs. I. Gusti Ngurah Sudiana, M.Sc., Law Lecturer at Udayana University Prof. Dr. Ida Bagus Wyasa Putra, S.H., M.Hum., Chairman of Bali State Civil Apparatus Corps Foundation who is also a Lecturer in State Administration and Master of Public Administration Dr. Unwar. A. A. Oka Wisnu Murti, M.Sc., Chairman of the General Election Commission (KPU) of Bali I Dewa Agung Gede Lidartawan, S.TP., M.P., and Secretary of Bali Traditional Village Council Dr. Drs. I Made Wena, M.Si.

Deputy for Strategic Studies at Lemhannas RI Prof. Dr. Ir. Reni Mayerni, M.P. in her report to the Governor of Lemhannas RI said that Bali was chosen as the research locus because it has unique dynamics and characteristics in the socio-political conditions of society, making it interesting to conduct a comprehensive strategic study. The preparation of the study will also continue to deepen the material and collect study data at the South Sumatra locus which is planned to be carried out in August 2022.

The Governor of Lemhannas RI Andi Widjajanto attended the Submission of the Examination Results Report (LHP) on the 2021 Ministry/Agency Financial Reports (LKKL) on Thursday (30/6/2022), at the Auditorium of the Supreme Audit Agency of the Republic of Indonesia (BPK RI). He directly received the LHP on the 2021 LKKL with an Unqualified Opinion (WTP) submitted by Member I of BPK RI as the Head of State Audit I Nyoman Adhi Suryadnyana, S.E., M.E., CSFA.

I Nyoman Adhi Suryadnyana said that the methods used by BPK RI in conducting financial audits were compliance with government accounting standards, adequacy in disclosure, compliance with laws and regulations, and the effectiveness of the internal control system. From the results of the examination, the quality of financial statements is classified into four types of opinions, namely Unqualified Opinion (WTP), Qualified Opinion (WDP), Adversed Opinion, and Disclaimer of Opinion. Lemhannas RI has won WTP

Opinions in a row since 2015, and this year is the 7th time.

"We congratulate the leaders of the Ministries/Agencies and all their staff for their commitment and efforts so that this year we succeeded in obtaining an Unqualified Opinion from BPK RI. While reminding them to continue to work hard so that they can maintain that opinion in the years to come," The Member I of BPK RI said.

The Governor of Lemhannas RI representing the Coordinating Minister for Political, Legal and Security Affairs Prof. Dr. Mohammad Mahfud MD, S.H., S.U., M.I.P. gave a speech on the occasion. He expressed his gratitude for the assistance provided by AKN I BPK so that the inspection report received an Unqualified Opinion for all Ministries/Institutions present. "Of course for us, as stated by the President, Unqualified Fair is not a goal but a basic prerequisite for us to improve institutions," he said.

Furthermore, the Governor also reminded that every Ministry/Agency within AKN I is aware of the big challenges in 2023 and welcomes the political year in 2024. "Hopefully the assist from BPK RI to us when facing challenges that will increase in 2023 towards the 2024 political year will still be carried out," the Governor of Lemhannas RI concluded.

Besides North Kalimantan, West Nusa Tenggara Becomes Locus of Green Economy Study

The Directorate of Economic and Natural Resources (SKA) Studies of the Deputy Office for Strategic Studies of Lemhannas RI held data collection for a long-term study entitled “Implementation of Green Economy to Accelerate National Economic Recovery” for five days on August 4-8, 2022, in West Nusa Tenggara Province (NTB).

During the visit to NTB, the delegation of Lemhannas RI had a discussion with several stakeholders and policy makers and carried out

field visits to obtain the required data. Lemhannas RI held discussions with PT. PLN Unit Induk of NTB, PT. Vena Energy Indonesia, Lecturer at the Faculty of Engineering, Mataram University, and the NTB Provincial Government. Prior to the discussion, Lemhannas RI paid a courtesy call to the Deputy Governor of NTB, Dr. Ir. Hj. Sitti Rohmi Djalilah, M.Pd.

On that occasion, the Deputy for Strategic Studies of Lemhannas RI explained that in 2022, Lemhannas RI will carry out a long-term study program entitled Implementation of Green Economy to Accelerate National Economic Recovery. “This FGD at West Nusa Tenggara Province is a series of activities of long-term study material enrichment of the Directorate of Economics and SKA Studies of the Deputy Office for Strategic Studies, as an effort to obtain real data and facts according to conditions on the field regarding green economy,” said the Deputy for Strategic Studies.

The data collection in NTB Province is expected to produce a variety of information, data, and suggestions to answer the question of the study. The

study question includes the problems and obstacles faced by the central government, the regional government, and the private sector in optimizing the implementation of green economy in to accelerate national economic recovery. Information and suggestions as the answer to the question will become recommendations on the issue of the implementation of green economy in the study by Lemhannas RI.

Lemhannas RI’s visit to NTB was led by the Deputy for Strategic Studies of Lemhannas RI Prof. Dr. Ir. Reni Mayerni, M.P. who was accompanied by Professional Personnel for SKA and National Resilience of Lemhannas RI Prof. Dr. Ir. Dadan Umar Daihani, D.E.A., Professional Personnel for SKA Lemhannas RI Dr. Ir. Muhammad Hanafi, M.B.A., IPM., Director of Economic Studies and SKA Lemhannas RI Brigadier General Dedy Jusnar Hendrawan, Manager of Energy Management PT. Vale Indonesia Ir. Muhammad Ridwan Tandiarra, S.T., M.T., IPU. CEM., and Researcher of the Faculty of Economics and Business, University of Indonesia Rahmi Afzhi.

PPRA 64 Participants Visit **Four Provinces** to Conduct SSDN

PPPRA 64 participants carried out a Domestic Strategic Study (SSDN) for five days, July 4-8, 2022. During the SSDN of PPRA 64, participants were divided into four groups to visit North Sulawesi Province, Central Sulawesi Province, East Java Province, and Maluku Province.

The leaders of Lemhannas RI, including Governor of Lemhannas RI Andi Widjajanto, Deputy Governor of Lemhannas RI Lieut. Gen. Mohamad Sabrar Fadhilah, Prime Secretary of Lemhannas RI Police Commissioner General Drs. Purwadi Arianto, M.Si., and Deputy for National-Level Leaders Education of Lemhannas RI Major General Sugeng Santoso, S.I.P. accompanied PPRA 64 participants to visit each province.

SSDN is a field learning method in the form of strategic study visits. SSDN activity aims to provide PPRA 64 Lemhannas RI participants with an experience in directly studying various problems in regions through study visits, courtesy calls, and discussions according to the selected problem topics. The participants are expected to have a comprehensive, holistic, and integrative thinking regarding the objective conditions of the regions visited which are an integral part of the Unitary State of the Republic of Indonesia.

During the five days visits to four provinces, each group conducted several activities, including visiting and having discussions with the regional government, as well as studying the outstanding objects of the region. After conducting SSDN, the PPRA 64 Lemhannas RI participants compiled a report that examined the problems from each region along with applicable strategic recommendations. The report was submitted to the Governor of Lemhannas RI.

Presentation of SPBE Security Management and Audit in Lemhannas RI

Telematics Bureau of Lemhannas RI held a series of Electronic-Based Government System (SPBE) Socialization with discussion topic on SPBE Security Management and SPBE Security Audit on Tuesday (05/07/2022), online. The speakers from the National Cyber and Encryption Agency (BSSN) present on the occasion were Associate Cryptographer (Sandiman) of the Central Government's Directorate of Cyber and Encryption Security Danang Jaya, S.Si., M.Kom and Associate Informatics Manggala of Central Government's Directorate of Cyber and Encryption Security Tosany Sofyan Harnowo, S.Pd.

Starting his presentation, the Associate Cryptographer of BSSN several legal and regulation concerning SPBE management within ministries and institutions. He also conveyed the pillars of SPBE management and security standards. "In determining the scope, it is indeed necessary to consider matters relating to internal information security issues within the organization," said Associate Cryptographer of BSSN.

The planning of information security management is arranged based on the category of SPBE security risk and the target of work programs realization that include education, assessment, improvement, incident handling and audit of SPBE security.

Regarding operational support, the Associate Cryptographer of BSSN explained that it must focus on the competence of human resources (HR), especially the information technology (TI) team at the agency and SPBE security budget. Furthermore, the performance evaluation of the implementation of SPBE security management and the application of SPBE security standards are carried out by the SPBE coordinator of the central agency and the coordinator of the regional government at least once a year. "After being evaluated, it is hoped that there will be continuous improvement," explained Associate Cryptographer of BSSN.

He also concluded that the results of the SPBE's TIK security audit had three levels: inadequate; need improvement; and adequate. To achieve the intended conclusion of the SPBE security audit, the conclusion matrix of SPBE security audit must be carried out, namely results of control design evaluation, control implementation evaluation, and control effectivity detailed evaluation.

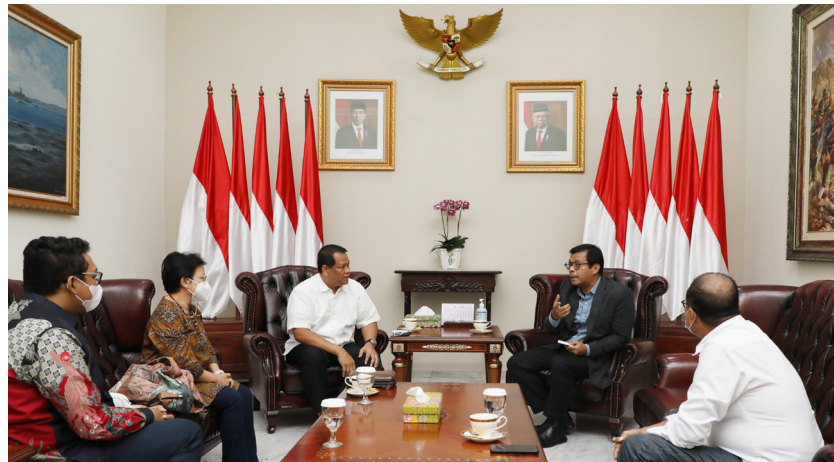

The slide features a white background with decorative black scrollwork in the corners. At the top center, there are two logos: the Garuda Pancasila on the left and the BSSN logo on the right. The main title is "Manajemen Keamanan SPBE & Audit Keamanan SPBE" in a large, bold, black font. Below the title, the speaker's name "Danang Jaya" is listed, followed by his affiliation "Sandiman Madya pada Direktorat Keamanan Siber dan Sandi Pemerintah Pusat". At the bottom, it states "Disampaikan pada Sosialisasi SPBE di Lingkungan Lemhannas, 5 Juli 2022". A small navigation bar is visible at the very bottom left.

**Governor of Lemhannas RI
 Receives Audience
 from PT. United
 Tractors Tbk**

The Governor of Lemhannas RI Andi Widjajanto received an audience from the Director of PT United Tractors Tbk Edhie Sarwono who was accompanied by Head of CGS Sara K. Loebis, Security Department Head Dwi Anggono, and General Affair Department Head Bagus Setiawan on Friday (08/07/2022) at the Governors Executive Guest Room, Tri Gatra Building, Lemhannas RI.

On that occasion, the Director of PT United Tractors Tbk stated that PT. United Group Tractors Tbk has an executive forum that performs operations on six business lines. In line with this, Edhie Sarwono conveyed the need for efforts to raise a sense of nationalism for the executive forum at PT United Tractors Tbk. He thinks that it is appropriate for

the executive forum to receive insight regarding geopolitics and geostrategy development of Indonesia's current position. Considering that there are many young people at the executive level, there is a need to edify those young executives with an understanding of national outlooks in doing business.

The Governor warmly welcomed the audience and confirmed his attendance as a speaker at the seminar at PT United Tractors on Friday (15/07/2022). On the

same occasion, he also conveyed that Lemhannas RI focuses on five studies, namely green economy, blue economy, digital transformation, consolidation of democracy, and IKN resilience. Furthermore, the Governor of Lemhannas RI said that he would review the potential for crises in the industry, and this year the focus will be on industries related to supply chain. "National resilience will be challenged when we are able to prevent a crisis," concluded the Governor of Lemhannas RI.

Fri, July 8th 2022 ●
**Governor of Lemhannas RI Visits
 the Ministry of Energy and Mineral
 Resources**

The Governor of Lemhannas RI Andi Widjajanto with the Deputy for Strategic Studies of Lemhannas RI Prof. Dr. Ir. Reni Mayerni, M.P., visited the Ministry of Energy and Mineral Resources (ESDM). The Lemhannas RI's delegation was welcomed directly by the Minister of ESDM Arifin Tasrif on Friday

(08/07/2022) at the Marore Room, Ministry of ESDM, Jakarta.

On that occasion, the Governor conveyed that Lemhannas RI was directed by President Joko Widodo to conduct studies on green economy, blue economy, digital transformation, consolidation of democracy, and IKN resilience. The focus

is related to the Ministry of ESDM, namely green economy with projected IKN development as a green city.

The Governor said that there are several distinctive characteristics of the studies conducted by Lemhannas RI, one of which is making a comparison of Indonesia's position and other countries' in the world, including indexes such as pollution index and renewable energy transition index. Furthermore, the Governor stated that Lemhannas RI was also asked by President Joko Widodo to study the anticipation of energy and food crisis.

On the same occasion, the Minister of ESDM Arifin Tasrif said that industrial estates in Indonesia also need to be changed, one of which requires hydrogen. Hydrogen can be a substitute for coal and natural gas. This is related to renewable energy transition. Also present to accompany the Minister of ESDM were Prof., Dr., Ir., Irwandy Arif, M.Sc. and Ir. Agus Tjahajana Wirakusumah, S.E, M.Sc as Special Staff to the Minister ESDM.

Sacrifice of Animals to Celebrate Eid Al-Adha 1443 H

In commemoration of Eid al-Adha 1443 H, Lemhannas RI held the sacrifice of animals in the Central Field of Lemhannas RI on Monday (11/7/2022). This year, Lemhannas RI has the theme “Eid al-Adha as a Form of Obedience, Patience, and Sincerity to Increase Faith and Devotion to Allah SWT”.

The Governor of Lemhannas RI Andi Widjajanto in his speech stated that Eid al-Adha is an especially important feast day for Muslims. According to him, Eid al-Adha can be interpreted as the extraordinary sacrifice of Prophet Ibrahim who showed obedience, patience, and sincerity when asked to sacrifice his son, Prophet Ismail. “This value can be the core value and exemplary value for us to make sacrifices,” he said.

Furthermore, the Governor also conveyed that the word sacrifice has at least two meaning, namely sacrifice and redemption. According to him, redemption has a deeper meaning. “Redemption is when you really do not care about the impact on yourself and do not know the benefit for yourself. When making this sacrifice, it is in the sense of redemption,” explained the Governor.

On this occasion, the Governor of Lemhannas RI hoped that the three key words emphasized in the theme, namely Obedience, Patience, and Sincerity, could be implemented properly. “Because we believe that the authority who gave the order knows much more than us, who of course understand what is best for us,” concluded the Governor, closing his remarks.

Acting Head of General Affairs Bureau of Prime Secretariat Lemhannas RI Colonel (Mar) Agustiawarman, S.H. as the Head of the Committee for the Eid al-Adha 1443 H Commemoration in his report stated that Lemhannas RI received 9 cows and 7 goats as sacrificial animals. The meat of the sacrificed animals were distributed to 1,228 people, consisting of 702 personnel of Lemhannas RI and 526 members of the community around Lemhannas RI. The sacrifice of animals at Lemhannas RI was attended by personnel from the Central Jakarta Food, Maritime, and Agriculture Resilience Sub-dept. to check the health of the sacrificial animals.
