

## Lemhannas RI – Korean NDU to Continue Improving Cooperation Potential

On Thursday (18/10), the Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A welcomed a 15-member delegation of the Korean National Defense University (KNDU) led by Prof. Lee Sang-Hoon. The visit was a part of KNDU study tour program to learn about military policies in Indonesia and to exchange views with the participants of Lemhannas RI's educational course.

On the opportunity, the governor was accompanied by Deputy Governor of Lemhannas RI Lt. Gen. Moeldoko, S.I.P., Expert Professional in Diplomacy/International Relations Air Vice Marshal (Ret.) Surya Dharma, S.I.P., Chief of Public Relations Bureau Brigadier General Sahat Aritonang and Chief of Cooperation Bureau Commodore Sulistiyanto, M.Sc.

In a courtesy call with the KNDU, Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A. gave a brief description to the guests about the institutional

profile of Lemhannas RI which is directly under the Office of the President of Republic of Indonesia.

On the occasion, the governor thanked the KNDU for the opportunity offered to an Indonesian participant, who was also a member of the visiting delegation, to study in KNDU.

While next year Lemhannas RI will offer an opportunity for a Korean participant to attend a Regular Educational Course Program (PPRA) in Lemhannas RI.

The courtesy call ended with an exchange of souvenirs between Lemhannas RI and KNDU and a photo session with officials of both sides.

A discussion was then held at the Nusantara I meeting room of Trigatra building, Lemhannas RI, following the courtesy call.

The discussion in general addressed, among others, the institutional profile of Lemhannas RI, the state and system of educational curriculum in the field of security, the role played by Indonesia in security and military

cooperation in the region, the cooperation potentials between Lemhannas RI and KNDU as well as the solution for its implementation. Both sides agreed to continue improving all the cooperation potential between Indonesia and Korea.

The discussion was moderated by Expert Professional in the Field of Diplomacy/International Relations Air Vice Marshal (Ret.) Surya Dharma, S.I.P. Lemhannas RI in the discussion was represented by Expert Analyst in Geography Maj. Gen. Endang Haerudin, S.T., M.M., Chief of Public Relations Bureau Brigadier General Sahat Aritonang and Chief of Cooperation Bureau Commodore Sulistiyanto, M.Sc.

# Food Security in the Context of National Resilience

Photo : PR Bureau of Lemhannas

On Wednesday (24/10) the Office of the Deputy for Strategic Analysis of Lemhannas RI held a Roundtable Discussion with the theme “Enhancing Agricultural Productivity in Achieving Food Security in the Context of National Resilience” on the 3rd Floor, West Wing of Asta Gatra Building of Lemhannas RI.

The roundtable discussion opened by the Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A. featured several speakers, such as Director General for Food Crops of the Ministry of Agriculture Ir. Udhoro Kasih Anggoro, Prof. Dr. Bungaran Saragih, M.Ec. from the Bogor Agricultural Institute and Dr. Aviliani S.E., M.Sc. from the National Economic Committee.

In his presentation Prof. Dr. Bungaran Saragih, M.Ec. highlighted some important points as part of strategies to build food resilience in autonomous provinces, such as anticipation of global food crisis, sustainable rice self-sufficiency, national rice consumption, agribusiness system

in regional autonomy and cross-institutional coordination.

Meanwhile, according to Dr. Aviliani, S.E., M.Si., the agricultural sector needs to be strengthened by promoting a discourse in Agricultural Bank or Agricultural Insurance. On the other hand, the Director General for Food Crops of the Ministry of Agriculture put an emphasis on the agricultural productivity in achieving food security in the context of national resilience through policies, strategies, and efforts to improve agricultural productivity in Indonesia.

The roundtable discussion attended by the structural and functional officials of Lemhannas RI also discussed the factors hindering the improvement in agricultural productivity as well as the policies, strategies and efforts increasing it. The other issues related to the need to further promote food consumption diversification policies were also addressed in the discussion.

# PPRA XLVIII's Overseas Strategic Study

and analyze those aspects based on the conditions of the visited countries in terms of ideology, politics, economy, socio-culture, defense and security in the perspective of national resilience.

With all the opportunities offered during the Overseas Strategic Study, the participants had carried out the program earnestly with dedication and responsibility. Such a program is expected to allow them to further contribute in terms of brilliant and constructive insights for Lemhannas RI and Indonesia, and thus, giving substance to the nation's independence.

The results of the Overseas Strategic Study will be reported to the governor of Lemhannas RI from 13 to 14 November 2012.

The Regular Educational Course Program (PPRA) XLVIII conducted a one-week Overseas Strategic Study to Singapore, Malaysia, Vietnam and Myanmar. It is one of the main activities of Lemhannas RI's educational program.

The Strategic Study, which lasted from 29 October to 2 November 2012, aimed at providing an opportunity to the participants of PPRA XLVIII to observe firsthand the strategy, pattern and system of the national development of the destination countries. The results of their observation will then be compared against the Indonesian national resilience, particularly those aspects related to the educational theme "Food Security in the Context of National Self-Reliance".

Through this Overseas Strategic Study Program, the participants had the opportunity to learn, understand

# Eid al-Adha “Festival of Sacrifice” as Manifestation of Social Solidarity

The Deputy for the Strengthening of National Values of Lemhannas RI Rear Admiral Santoso, M.Sc., on behalf of the governor of Lemhannas RI, led the slaughtering of sacrificial animals in Lemhannas RI on the celebration of Eid al-Adha 1433 H on Monday (29/11).

The event was themed “Eid al-Adha: a Manifestation of Social Solidarity towards Devotion to Allah Almighty” and held at the East Parking Lot of Lemhannas RI.

The Eid al-Adha marked by the slaughtering of sacrificial animals is not just a meaningless religious tradition, or mere ceremonial practice of “slaughtering” sacrificial animals.

But in fact, it contains meaningful values as a manifestation of devotion to God Almighty, such as in the story of the Prophet Abraham AS and his son Ishmael.

It eliminates excessive *hubbud dunya* (love of the world), greed for excessive material wealth and at the same time promotes social solidarity with other people sharing the planet with us.

The Eid al-Adha or Feast of Sacrifice has two dimensions, which are transcendental ritual where the animal sacrifice is seen as a form of spiritual expression in the form of servitude to Allah SWT as well as social dimension that is reflected in the distribution of all meat of sacrificial animals to the poor.

At the end of his speech read by the Deputy for Strengthening of National Values of Lemhannas RI Rear Admiral Santoso, M.Sc., the governor of Lemhannas RI urged Lemhannas RI members to take advantage of the momentum and show concern for the poor, helping them gain a better livelihood and ease their burdens.

# Indonesia - Korea to Strengthen Cooperation

the cooperation to be realized in a more concrete form.

“Further discussion is needed regarding concrete measures of cooperation between the two parties, for examples, issues related to food, renewable energy, democratization, political stability, poverty, infrastructure and defense industries, or perhaps those issues associated with non-traditional threats like cyber threats as conveyed by KIDA President, or tropical diseases, and many others,” said governor of Lemhannas RI.

It was reported that the 40th anniversary of the establishment of diplomatic relations between Indonesia and Korea will occur next year, and in that regard, the KIDA President invited the governor of Lemhannas RI to visit Korea. The 40th anniversary is expected to give a new momentum to further strengthen the cooperation between the two countries.

The governor of Lemhannas RI also conveyed that next year, for the first time, the Regular Educational Course Program (PPRA) of Lemhannas RI will be attended by a Korean participant.

The courtesy call ended with an exchange of souvenirs between the governor of Lemhannas RI and KIDA president.

On the occasion, the governor of Lemhannas RI was accompanied by the Deputy Governor of Lemhannas RI Lieutenant General Moeldoko, Deputy for the Education of National-level Leaders Air Vice Marshal Syahrul Ansory and Cooperation Bureau Chief under the Office of Principal Secretary of Lemhannas RI Rear Admiral Sulistiyanto, M.Sc.

On Tuesday (6/11) the Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A. received a courtesy call by the President of the Korean Institute for Defense Analyses (KIDA) Lt. Gen. (Ret.) Bang Hyo-bok and his three members of delegation, as well as the Korean Defense Attaché in Jakarta who accompanied them.

“I make this visit to Indonesia with the purpose to develop a cooperation between Korea and Indonesia, particularly in the areas of research and development, as well as to share experiences and views between our two countries related to defense and security”, said President of KIDA. He hoped that the cooperation relations could be improved and better managed through more intensive communication and interaction.

“With a population of 250 million people, I am optimistic that Indonesia will play even a greater role in the region and in the world”, he added.

KIDA is Korea’s defense research institute for issues related to defense with 60% of its funding coming from the government, while the remaining 40% from the private sector. This institution contributes to the decision-making process in the field of defense through intensive and systematic research and analysis. KIDA’s main areas of research include security, military strategy and defense industry.

The Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A., on the occasion, expressed his hope for

# State Borders to be Developed as Indonesia's Front Yard

part of the defense and security system, fully support such efforts," continued the governor.

The event which raised the theme "Improving State Defence for the People in the Border Regions to Support National Development and Maintain the Integrity of the Unitary State of the Republic of Indonesia, also discussed illegal activities. It was revealed at the forum that land border regions until now are still identical with isolated, remote and underdeveloped areas, and often lead to illegal activities that are detrimental to the country.

On the other hand, the level of people's welfare is still low as a result of uneven development in the border regions. Such conditions affect people's understanding of state defence and in dealing with threats that can jeopardize the sovereignty and territorial integrity of the Unitary State of the Republic of Indonesia.

The discussion led by the governor of Lemhannas RI was attended by structural and functional officials of Lemhannas RI. The speakers in the discussion were Territorial Assistant to TNI Commander Maj. Gen. Dr. S. Widjonarko; Lecturer of International Relations from the University of Indonesia Makmur Keliat, Ph.D. and LIPI researcher Dr. Jaleswari Pramodhawardani. Acting as the moderator at the event was professional expert in the field of national resilience of Lemhannas RI Maj. Gen. (Ret.) Lumban Sianipar, S.I.P.

The panelists comprised of Drs. Sukendra Martha, M.Sc., Mapp.Sc; Expert Analyst in Strategy of Lemhannas RI Maj. Gen. Abdul Chasib; Expert Lecturer in Geopolitics and National Archipelagic Concept of Lemhannas RI Rear Admiral Ir. Leonardi and Expert Analyst in National Resilience of Lemhannas RI Maj. Gen. M. Nasir Majid.

State borders should be developed as the front yard of the unitary state of the Republic of Indonesia. The statement was expressed in the roundtable discussion held in Trigatra Building of Lemhannas RI, Jakarta, on Tuesday (6/11). It is said that the paradigm of the state border as the front yard should replace a long-held view which has put it as the back yard instead all this time.

"The borders should be developed as our front yard as they have a particular significance, in the aspects of economy, geopolitics, and defense and security," said Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A. In his opinion, the border areas are not just very strategic, but they are also very prone to conflicts when it comes to state defence and security.

In this regard, the governor said that the implementation of state defense to safeguard the sovereignty and territorial integrity of the unitary state of the Republic of Indonesia, especially by the people in the border regions, has not been understood and implemented properly.

He further mentioned that such a problem is caused by the fact that the defence and security in the border regions have not been prioritized in the national development. In addition, public education and health facilities as well as social economic condition of the people in the border regions are still left far behind compared to those in the neighboring countries.

"Studies are needed on the efforts to improve state defence for the people in the border regions. This would only be successful if all national leaders and people, as

# Pancasila, Adapting to Changing Times and Generations

“The meaning of Pancasila lies in the values of each of its precepts. It is an integral part which cannot be detached in terms of layout and structure,”

The statement was made by Expert Lecturer in the Field of Ideology of Lemhannas RI Air Vice Marshal Agus Margono on Wednesday (7/11) during an Intellectual Exercise of the Governing Board of Lemhannas RI on the 3rd floor, West Wing of Astagatra building, Lemhannas RI.

The Intellectual Exercise opened by the Coordinator of Governing Board of Lemhannas RI, who is also the Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A., was attended, among others, by Members of the Governing Board, Deputy Governor, Principal Secretary, Deputies and Expert Lecturers, Expert Analysts as well as Expert Professionals of Lemhannas RI.

In his presentation which lasted for 15 minutes, Air Vice Marshal Bambang Agus Margono conveyed that Pancasila, which is historically evolving and open in nature, as found in the metamorphosis process of caterpillar to butterfly, can change in shape in order to adapt to the changing times and generations. However, the substance will remain.

Pancasila, as the philosophical basis of the nation, contains values that cannot be separated from each of its precepts. Because in its individual precept, such values may also be found in the life of other nations. Hence the meaning of Pancasila principles lies on each of its precept

as an integral parts which cannot be detached in terms of layout or structure.

“Surely the current and future generations will not lose out in their self-sacrifice for the values and the implementation of national values as a whole,” expressed Air Vice Marshal Bambang Agus Margono.

Besides Expert Lecturer in the Field of Ideology Air Vice Marshal Bambang Agus Margono, presentations were also delivered by Expert Analyst in National Archipelagic Concept Maj. Gen. (Mar) Chaidier and Prof. Dr. Gunawan Sumodiningrat, M.Ec.

# Regional, Central and Strategic Leadership

On Thursday (8/11), Lemhannas RI held a Roundtable Discussion which raised the theme “Strengthening of National Leadership in the Regions for the Implementation of National Management System to Promote Accelerated National Development”. The event was held in Nusantara meeting room, 1st Floor of Trigatra Building, Lemhannas RI, Jakarta.

Leadership, as the most important component in the national development process, must be supported by a networked decision-making system so that the intent, purpose and benefit of the development can be understood by all the development actors. As a result, their involvement in the networked process will improve the capacity of leaders in carrying out their duties, functions and roles as a representation of various interests that is realized through a democratic system.

Therefore, the development of a national management system is needed in an effort to synergize development actors as well as to strengthen relations between central and regional governments that rely heavily on quick response policy.

The above issues were discussed at the event which featured former Vice President Drs. H. M. Jusuf Kalla, Governor of Jakarta Ir. H. Joko Widodo, South Sulawesi Governor Dr. H.M. Syahrul Yasin Limpo, M.Si., and Professor of Political Science from the University of Indonesia Prof. Dr. Iberamsjah, MS, as speakers.

The roundtable discussion was opened by Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A.

*Photo : PR Bureau of Lemhannas*

He also attributed the problems to regional autonomy. Therefore, regional leadership became the focus of discussion. In this regard, a regional leader holds central and strategic role in running the local government system. The regional autonomy itself is not a goal, but rather an instrument to achieve national goals.

Therefore, communicating a vision, mission and strategy, either directly or indirectly, is a very significant instrument for the achievement of national development goals.

The roundtable discussion was attended by a number of structural officials of Lemhannas RI and Expert Lecturers, Expert Analysts and Expert Professionals of Lemhannas RI as well as other invitees.

# Appreciating Our Heroes' Services with Best Commitment to the Nation

The National Resilience Institute of the Republic of Indonesia (Lemhannas RI) held a flag ceremony (12/11) in commemoration of Heroes Day which falls on November 10.

The ceremony was held in central yard of Lemhannas RI and was attended by Secretary of Governing Board, Principal Secretary, Deputies, Expert Lecturers, Expert Analysts, Expert Professionals, structural officials, PPRA XLVIII participants and members of Lemhannas RI as the participants of the ceremony.

The governor of Lemhannas RI, in his speech, conveyed that the Heroes Day (10/11), in commemoration of the heroic events of the past 67 years, is very important for the members of Lemhannas RI.

The heroes' fighting spirit should serve as an invaluable inspiration to all of us in maintaining sovereignty and achieving the goals of the nation.

"Spirit" as a word may look short and simple, but it is not just a trivial word. In fact, it can arouse hidden power in each patriot and civil servant.

The Governor of Lemhannas RI urged all the ceremony participants to always appreciate the services of Heroes by committing ourselves to providing the best to the nation, through proper execution of the duties and responsibilities entrusted to us.

# Intellectual Exercise: Honing the Knowledge and Skills of Lemhannas RI's Experts

Photo : PR Bureau of Lemhannas

As one of the means to foster academic life by honing the capabilities, knowledge and skills of expert lecturers, expert analysts, expert professionals, the governing board held an Intellectual Exercise on Wednesday (19/11).

The Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A., as the Coordinator of the Governing Board of Lemhannas RI, opened the event which took place on the 2nd floor, West Wing of Asta Gatra Building of Lemhannas RI, Jakarta.

This event was organized in the framework of monitoring and evaluating of the implementation of Lemhannas RI's Governing Board General Policies in accordance with the decision of the Governing Board No. 01 Year 2012 on the 2012-2016 General Policies of the Governing Board of Lemhannas RI.

The Intellectual Exercise featured three speakers, which were Expert Lecturer in Science and Technology Maj.

Gen. Syafril Mahyudin with the title "the Development of Science and Technology Studies in Regular Educational Program".

The second speaker was Expert Lecturer in the Field of National Management System Air Vice Marshal Mohammad Barkah with the title "Proper Implementation of Community System in Enhancing National Resilience".

While the third speaker was Expert Analyst in the Field of Ideology Air Vice Marshal L. Tony Susanto which raised the theme "Optimizing Human Resources Development in the Indonesia's Border Regions for Successful Pancasila-based Economic System in the Framework on Economic Security and Indonesian Nationalism".

In addition to the Governing Board members, this event was also attended by structural officials of Lemhannas RI and Expert Lecturers, Expert Analysts as well as Expert Professionals of Lemhannas RI.

# KNPI

## to be the Vanguard of Young Generation

On Monday (19/11), the Governor of Lemhannas RI Prof. Dr. Ir. Budi Susilo Soepandji, D.E.A. acted as a speaker in a Focus Group Discussion organized by the Indonesian Youth National Committee (KNPI) at the Balai Kartini DPP KNPI, Jakarta.

In his presentation, the governor of Lemhannas RI conveyed that the younger generation must be able to revive the attitude, spirit and culture of mutual cooperation, friendship and deliberation for consensus which are inherently the nature of the Indonesian people.

“... among the youth, there is a need to develop breakthrough concepts and efforts by utilizing the presence and network of youth organizations spread throughout the archipelago,” continued the governor Lemhannas RI.

As an agent of change and development, the youth must be able to revitalize themselves as an agent of social change leading to the strengthening of social cohesion among young people.

The governor of Lemhannas RI viewed that, amid the changes that bring about new codes of conducts and values, the youth are required to have the ability to select and sort out things based on intelligent, wise and rational

way of thinking. Freedom and openness must be dealt with wisely based on the nation's needs and interests.

It is also added that the intelligent, emotional and spiritual intelligence must be maintained by balancing the three factors so that it will prepare the young generation to face any challenges. Consequently, they would also uphold morals and ethics as well as honesty and nationalism at all times.

“In particular, I hope that the younger generation of KNPI will be able to develop themselves to be the vanguard in building the concept of nationalism for the next generation”, expressed the governor of Lemhannas RI.

To that end, he advised the younger generation to be able to, first, learn the national history, culture and identity that are deeply rooted in the noble values of Pancasila; second, develop the values of honesty, ethics and morals (characters) and the national values ; third, rebuild collective consciousness and awareness among the youth.

Besides the governor of Lemhannas RI, the event was also attended by members of the House of Representatives of PDIP faction Dewi Aryani, General Chairman of KNPI Taufan Eko Nugroho Rotorasiko, Territorial Assistant to TNI Commander Maj. Gen. Wijonarko and other high officials.
