Meeting with TNI Commander, Governor of Lemhannas RI Discusses National Strategic Leadership Education

The Governor of Lemhannas RI, Andi Widjajanto, visited the TNI Commander, General TNI Andika Perkasa, S.E., M.A., M.Sc., M.Phil., Ph.D., who was accompanied by Assistant Personnel (Aspers) to the TNI Commander, Air Vice Marshal, Kusworo, S.E., M.M. on Thursday (14/4/22) in the Courtesy Call Room, TNI Headquarter, Jakarta.

On this occasion, the Governor of Lemhannas RI conveyed the assignment from President Joko Widodo to carry out the transformation of Lemhannas RI, especially the transformation of national strategic leadership education. "We are assigned by the President to carry out transformations, including designing a strategic pyramid of leadership. Therefore, we have to make sure that the education materials given at Lemhannas RI are not the repetition of what was given at Staff and Command School (Sesko)," the Governor said.

According to him, the education at Sesko TNI can focus on joint education, while the education at Lemhannas RI prioritizes interagency education. Therefore, the educational foundation and structure of the two institutions can be synergized starting from the Military Academy, Army Staff and Command School (Sesko), Sesko TNI, to the Regular and Short Education Programs at Lemhannas RI.

The governor also stated that Lemhannas RI would also involve educational institutions such as the National Police Education and Training Center and LAN, as well as would correspond with the highest officials in each institution such as the TNI Commander, the National Police Chief, the Minister of Home Affairs, and the Minister of Administrative and Bureaucratic Reform. "We report the results of this study to the president, so the transformation of national strategic leadership education in terms of its level is more strongly organized, ensuring there is no duplication between levels," he explained.

In addition, the Governor expressed his aspiration to adapt the existing education concept at the National Defense University in the United States. "I want to create the same thing, an executive program. The first thing to try is the establishment of a crisis decision making process," he explained.

This program is intended for high-ranking officers in the Indonesian National Armed Forces and the Indonesian National Police who are engaged in operations and intelligence field with the aim of sharing experience related to national level issues, which are the subject of study at the RI Lemhannas. "We want to absorb experience in order to propose recommendations. After that, we can move to strategic planning," the Governor of Lemhannas RI concluded.

Governor of Lemhannas RI: **Indonesia Must Be Relevant to Recent Geopolitical Dynamics**

The Governor of Lemhannas RI, Andi Widjajanto, delivered a keynote speech at the Inauguration of the Central Committee for the Indonesian Student Regiment Corps for the 2021-2025 period on Saturday (16/4/22), at the Joang '45 Building, Jakarta.

On that occasion, the Governor of Lemhannas RI delivered material on Geopolitics. "Geopolitics, put simply, means involving geography, regions, areas, and in certain areas there is a

power conflict," the Governor said. He also highlighted that most geopolitical concepts are characterized by expansionism or world domination that is how to become the foremost country that rules the world. However, this characteristic is not the geopolitics that Bung Karno had expected when he founded Lemhannas RI on May 20, 1965.

In line with this, the Governor observed that as geopolitics continues to change, the dynamics of power will also change dynamically and will have

many variables. Therefore, Indonesia must foster innovation, be vigilant and must develop the concepts of national resilience, archipelagic insights, and nationalism in order to remain relevant to the existing geopolitical dynamics.

The Governor also mentioned that one of the mandates of President Ir. Joko Widodo is to formulate Indonesia's geopolitical projections towards 2045. Therefore, one of the things that needs a close attention is the road map of democracy. "Indonesia will move towards a mature democracy if we succeed in conducting seven consecutive democratic elections," he explained.

There are several stages for Indonesia to move towards a mature democracy. First, the stage of Democracy Initiation, namely Election I in 1999. Second, the stage of Democracy Installation, namely Election II and III in 2004 and 2009. Third, the stage of Democracy Consolidation, namely Election IV, V, VI in 2014, in 2019, and in 2024. If Indonesia manages to pass the three stages, then Indonesia will be transform into a mature democracy, namely the Election VII in 2029.

Governor of Lemhannas RI Visits Public Broadcasting Institution TVRI

The Governor of Lemhannas RI, Andi Widjajanto, visited the Public Broadcasting Institution (LPP) TVRI to discuss and strengthen the cooperation between Lemhannas RI and LPP TVRI on Tuesday (19/4/22) at the 3rd Floor Meeting Room of GPO TVRI, Central Jakarta.

The Governor of Lemhannas RI, Andi Widjajanto, who was received directly by the President Director of LPP TVRI, Iman Brotoseno, stated that it is important for Lemhannas RI and TVRI to increase cooperation in strategic studies regarding the involvement of public communications, digital transformation and public space. “There is one study that might really need ideas and opinions from TVRI media, especially regarding digital transformation and also the consolidation of democracy,” the Governor said.

On the occasion, the Governor also conveyed the importance of the existence of TVRI as the state media as a pillar for the consolidation of democracy. “Once again, we, Lemhannas RI, regard the importance of TVRI as the official state media. I believe that TVRI plays a vital role as a media, the 4th pillar of the government, an important pillar for the consolidation of democracy and all its challenges in the digital era,” he explained.

In response to this, the President Director of LPP TVRI hopes that TVRI has a resilient foundation or regulation to strengthen TVRI as a state media and believes that there is a need to mention TVRI as the guardian of the Republic of Indonesia in Government Regulations. TVRI as the state media is a balancing medium to help straighten out false information or hoaxes circulating in the community

In accordance with the research results of the Reuters Institute and Oxford University in 2021, it is stated that TVRI is the most trusted media by the public in Indonesia. “So indeed, we are not joking regarding news matters and providing information to the public. We are keeping this up,” the President Director of LPP TVRI said.

During the visit, the Governor also explained the President’s mandates to Lemhannas RI to focus on five studies, including Green Economy, Blue Economy, Digital Transformation, Resilience of the Nusantara Capital, and Consolidation of Democracy. In addition to focusing on the five studies, the Vice President of the Republic of Indonesia also gave directions to Lemhannas RI to form a special study team in regard to Papua, which is linked to the five focus studies directed by the President of the Republic of Indonesia.

Scientific Speech Ahead of the 57th Anniversary of Lemhannas RI

Ahead of the commemoration of the 57th Anniversary of Lemhannas RI, a Scientific Speech was held on Thursday (19/5/22) at the Dwi Warna Purwa Room, Pancagatra Building, Lemhannas RI. The scientific speech was delivered directly by the Governor of Lemhannas RI, Andi Widjanto, with the title “Geo V”.

The commemoration of the 57th Anniversary of Lemhannas RI with the theme “Transformation of Lemhannas RI: National Resilience in the Geopolitical Era 5.0” is considered especially relevant by looking at the development of the current strategic environment. “With the increasingly fierce competition accompanied by the development of increasingly advanced science and technology, it inevitably requires a country to adapt according to the demands of its era,” Deputy Governor of Lemhannas RI Major General Mohamad Sabrar Fadhilah said when delivering his remarks.

Acting as the orator, the Governor of Lemhannas RI conveyed the literature on Geopolitics I to Geopolitics V, the evolution of national geopolitics, and the 2045 geopolitical projection. In the 2045 geopolitical projection, the Governor proposed a comprehensive stage to increase the capacity of Geopolitics V significantly. This comprehensive stage starts from achieving democratic maturity in 2030, achieving the green growth target based on carbon neutrality in 2060, achieving a high Ocean Health Index in 2050, realizing of the Digital Indonesia architecture in 2040, and then the completion of the IKN development as a green city and digital city in 2045.

Present on the occasion, Chief of Staff of the Indonesian Navy for the period 2012-2014, Admiral (Ret.) Prof. Dr. Marsetio, S.I.P., M.M., Deputy Governor

of Lemhannas RI for the period 2019-2022 Vice Admiral (Ret.) Wieko Syofyan, Chief of General Staff Lieut. Gen. Eko Margiyono, Army Deputy Chief of Staff Lieut. Gen. Agus Subiyanto, Navy Deputy Chief of Staff Vice Admiral Ahmadi Heri Purwono, Assistant Personnel to Air Force Chief of Staff Air Vice Marshal Elianto Susetio, Deputy Chief for Education and Training Institution Polri Police General Inspector Dr. Eko Budi Sampurno, M.Si., Deputy General Chairperson I IKAL Dr. Ir. Mustafa Abubakar, M.Si., Prime Secretary of Lemhannas RI Police Commissioner General Drs. Purwadi Arianto, M.Si., Deputy for National Level Leaders Education Major General Sugeng Santoso, S.I.P., Deputy for Strategic Studies Prof. Dr. Ir. Reni Mayerni, M.P., Deputy for Strengthening of National Values Rear Admiral Prasetya Nugraha, S.T., M.Sc.

RI, including social services, sports competition, hygiene competition, archiving competition, yel-yel competition, selection of exemplary employees, tumpeng decorating competition, coaching session, national pilgrimage to Blitar, blood donation, scientific speech, and the launch of 57 books from Lemhannas RI, as well as exercising together.

“This is our zero point, our starting point,” the Governor of Lemhannas RI, Andi Widjajanto, said while giving a speech. In connection with this, on May 20, 1965, President Ir. Soekarno assigned Lemhannas RI to become a geopolitical school that is aware of the power struggle between countries in the world and in the region. Therefore, the Governor of Lemhannas RI reminded again that all parties in Lemhannas RI must act as one family. “We become a family, we become friends, we start the revival from ourselves,” the Governor said.

On the same occasion, considering that the 57th Anniversary of Lemhannas RI coincided with National Awakening Day, the Governor of Lemhannas RI also conveyed three statements from the Minister of Communication and Information Johny G. Plate. First, we have to constantly remember the basis of the struggle. “We are now as one nation and one country that holds firm commitment to the Unitary State of the Republic of Indonesia,” the Governor of Lemhannas RI said.

Second, Indonesia is already at a brighter point during the pandemic. “Together, we have recovered from the Covid-19 pandemic and of course this is also happening in economic sectors which are starting to appear to be growing,” the Governor of Lemhannas RI said. Third, currently, the G20 Summit is being held in Indonesia and it is very advantageous. “The Minister of Communication and Information requested us to oversee the G20 process so that Indonesia can contribute to growing together, recovering together, as a part of the countries in the world,” the Governor concluded.
