The Governor of Lemhannas RI as a speaker for Training of Staff and Leaders of the Ministry of Foreign

Governor of Lemhannas RI Andi Widjajanto became a speaker at the Education and Training (Training) School for Staff and Leaders of the Ministry of Foreign Affairs (Sesparlu) virtually by raising the title "National Resilience amidst Current Global, Regional, and Domestic Challenges" on Wednesday (19/10).

Starting his presentation, Andi Widjajanto said that currently we are in the geopolitical era V. "In this era of connectivity, we should see the capabilities of technology 4.0, when the internet cyber system combines with other capabilities, especially space and maritime infrastructure," he said.

According to Andi Widjajanto, the concept of geopolitics has developed in line with the historical context and technology adoption. There are four main characteristics of geostrategic thinking. First, it tends to propose an expansionist strategy. Second, contests over specific geographic areas often relate to strategic

resources. Third, the ultimate goal is to achieve hegemonic power, then fourth, expansionist strategies often lead to hegemonic wars.

Regarding the global challenge scenario, Andi Widjajanto thinks it is quite difficult to control. However, some things can still be controlled, such as economy 2.0, strategic risks, and democratic setbacks. "If we're not careful, our economy will remain stagnant at 2.0," he said.

The desired hope is that the economy can jump to economy 4.0 which is an economy by utilizing Information and Technology (IT), including new economic eras such as the creative economy, green economy, and blue economy. "Approximately the 5.0 economy is truly based on artificial intelligence, crypto-based, and so on," the Governor of Lemhannas RI concluded.

Dialogue on National Outlooks in Bengkulu Province

Deputy Governor of Lemhannas RI Lieut. Gen. TNI Mohamad Sabrar Fadhilah officially opened the Dialogue on National Outlooks for Bureaucrats, TNI officers, police officers, Community Organizations, Student Organizations, and Youth in Bengkulu Province in 2022 on Wednesday (19/10) at the Grage Hotel Ballroom, Bengkulu.

Deputy for Strengthening of National Values Lemhannas RI, Rear Admiral TNI Edi Sucipto, S.E., M.M., M.Tr. Opsla., in his report stated that the three-day event was attended by 100 participants from Bureaucrats, TNI officers, police officers, Community Organizations, Student Organizations, and Youth.

Meanwhile, Mohamad Sabrar Fadhilah in his remarks conveyed that the dialogue on national outlooks was the realization of Lemhannas RI's work program. "This is a form of concern in order to rise the spirit of nationalism and to give enlightenment on national

values originating from the four basic consensuses of the nation to the public, especially the younger generation," he said.

Furthermore, Mohamad Sabrar Fadhilah also said that the dynamics of the strategic environment development colored, influenced, and had an impact on Indonesia. This becomes a challenge that must be faced together. According to him, the Covid-19 pandemic ushers and demands the acceleration of digital transformation and creates an era of disruption in all sectors. As a result, there are several implications including the waning existence of local culture, unsettling and eroding moral, social and trust level as well as the vulnerability of social and cultural resilience due to disorientation of values, identity crisis, and the weak competitiveness of the nation.

Meanwhile, on the other hand, Mohamad Sabrar Fadhilah assesses that there are still social phenomena in society regarding ideological understandings

other than Pancasila, terrorism, intolerance and separatism, as well as the strong attitude of sectoral egoism, regionalism, ethnicity and even religious fanaticism, thus ignoring the principles of living in harmony and concord in society.

Observing the mentioned issues, according to Mohamad Sabrar Fadhilah, Lemhannas RI needs to hold a Dialogue on National Outlooks. "Through this dialogue, it is hoped to inspire, grow, and strengthen the spirit of nationalism and national identity so that people are able to care for and manage diversity, increase harmony, love for the motherland, social care, culture and local wisdom preservation in order to maintain unity and strengthening the Unitary State of the Republic of Indonesia based on Pancasila and the 1945 Constitution," he concluded.

94th Youth Pledge Day Commemoration Ceremony

Lemhannas RI held a commemoration ceremony of the 94th Youth Pledge Day on Friday (28/10) in the center field of Lemhannas RI. Deputy Governor of Lemhannas RI Lieut. Gen. Mohamad Sabrar Fadhilah acted as an inspector at the ceremony which was attended by officials and personnel of Lemhannas RI.

The theme for this year's Youth Pledge Day is "United to Build the Nation". It conveys unity is a fixed price that must be strengthened to build resilience. Toughness and unity are the strength to carry out the development of advanced civilization as the existence of Indonesia.

While reading the message from the Minister of Youth and Sports of the Republic of Indonesia, Mohamad

Sabrar Fadhilah said that it has become a joint effort to continue the struggle for independence to realize the current and future nation's ideals. "The spirit to build Indonesia that is independent, sovereign, united, just and prosperous, dynamically in the context of an ever-changing strategic environment," he said.

Furthermore, Mohamad Sabrar Fadhilah said that today's youth will play a role in the future. Today's youth have the mandate to value unity above all else and view diversity as a valuable gift to be assembled into an extraordinary force to achieve Indonesia's glory. "Youth are not only important actors in building the nation's resilience in realizing the great vision of Golden Indonesia 2045 but also become the backbone for the nation's glory for all time," he continued.

The main duty that should not be neglected by Indonesian youth is to build the resilience of the nation through building noble character and developing competencies in various areas of expertise combined with honing creativity and innovation. The achievements of the youth in various fields, both at the national and international levels can be something to be grateful for because they can be a foundation for building Indonesia's excellence in the future.

Concluding his remarks, the Deputy Governor of Lemhannas RI said that collaborative work needs to be continuously developed, because youth development efforts cannot be carried out individually, but require a solid synergy.

FGD Chinese Leadership After the 20th National Congress of the Chinese Communist Party

Lemhannas RI held a Focus Group Discussion (FGD) “Chinese Leadership After the 20th National Congress of the Chinese Communist Party” on Monday (31/10) at Krisna Room, 4th Floor of Astagatra Building, Lemhannas RI.

Deputy Governor of Lemhannas RI Lieut. Gen. TNI Mohamad Sabrar Fadhilah, who opened the discussion, said that Lemhannas RI needs to conduct a strategic review of the results of the 20th congress of the Chinese Communist Party which took place in Beijing from 16 to 22 October 2022, because it is considered to have a significant influence on geopolitics and geostrategy at the national, regional and global levels.

The FGD presented two speakers virtually, including Director of the Institute of China Studies at the University of Malaya Malaysia Dr. Ngeow Chow-Bing, Associate Professor and Provost’s Chair

in International Relations at S. Rajaratnam School of International Studies (RSIS), and Coordinator of the PhD Program at RSIS Singapura Dr. Li Mingjiang.

Capacity Building for Lemhannas RI Faculty Members

Deputy Governor of The National Resilience Institute of the Republic of Indonesia (Lemhannas RI) Lieut. Gen. Mohamad Sabrar Fadhilah gave direction to Faculty Members at the Gajah Mada Auditorium of Lemhannas RI, Monday (31/10). This activity was carried out in the context of preparing faculty members

to provide education for prospective national-level leaders in the upcoming 2023 education program.

“I ask you to pay close attention, accuracy becomes a serious concern,” the Deputy Governor of Lemhannas RI said. Furthermore, the Deputy Governor of Lemhannas RI emphasized the evaluation of several activities such as e-learning, Domestic Strategic Studies (SSDN), sports on national systems, tasks, and seminars.

Before the activity, faculty members attended a lecture on blue economy strategic issues. Presented as speakers at the lecture were the Rector of Bogor Agricultural Institute, Prof. Dr. Arif Satria, S.P., M.Sc., and the Director General of Marine Spatial Management of Ministry of Maritime Affairs and Fisheries Police Inspector General Drs. Victor Gustaaf Manoppo, M.H.

IPEKA Christian High School Sunter Students' Visit

A number of students of IPEKA Christian High School Sunter visited Lemhannas RI and were warmly received by the Head of Protocol and News Coverage Division Drs. Paiman M.I.P. and the Head of Subdirector for Evaluation and Development of Strengthening of National Values Colonel (P) Gandawilaga, S.E., M.M., CRMP on Monday (31/10),

at Pancasila Room, 3rd Floor of Trigatra Building, Lemhannas RI.

Starting the discussion, Paiman explained that Lemhannas RI is a non-ministerial government institution that is directly responsible to the president. Regarding this, Lemhannas RI has three functions, namely organizing national-level leaders education, conducting strategic

studies, and carrying out strengthening of national values program. He hopes that the visit of IPEKA Christian High School Sunter students can increase insight and knowledge, and more importantly will be able to build character as the future generation of the nation.

Meanwhile, Vice Principal of IPEKA Christian High School Sunter Wahyu Tjahjani, S.Pd., expressed her gratitude for the opportunity to visit Lemhannas RI. "Thank you Bapak and Ibu from Lemhannas RI for welcoming us warmly. We hope that our students can be trained with broader insights about nationalism," she said.

Wahyu Tjahjani also viewed that it will be a unique experience for the students of IPEKA Christian High School Sunter to gain knowledge directly from the experts at Lemhannas RI because previously they only learn the national insights through Pancasila and Civic Education in the classroom. "It is hoped that through this event, students who belong the younger generation can understand more about nationalism and how to act and behave as Indonesian citizens," he concluded.

Meanwhile, Gandawilaga during his presentation stated that we are united by Pancasila, the 1945 Constitution, Bhinneka Tunggal Ika, and we belong to the Unitary State of the Republic of Indonesia. "Different races, ethnicities, religions and languages are not divisions, but instead become assets that belong to Indonesia. "Don't let the IPEKA Christian High School Sunter students be easily separated and so that they continue to maintain the unity and integrity of the nation," he hoped.

FGD on Fertilizer Crisis Anticipation Strategy

Lemhannas RI held a Focus Group Discussion (FGD) on Urgent and Rapid Assessment (Jurpat) which raised the title "Fertilizer Crisis Anticipation Strategy for National Food Security amid Climate Change" on Tuesday (8/11), in the Kresna Room, Astagatra Building, 4th Floor, Lemhannas RI.

Deputy for Strategic Studies Prof. Dr. Ir. Reni Mayerni, M.P. who opened the FGD conveyed President Joko Widodo's directives to Lemhannas RI to periodically, monthly, or weekly, provide recommendations on anticipating food crises, energy crises, and financial crises. "This is now one of Lemhannas RI's concerns, how can the food crisis not have a significant impact on the community," she said.

Regarding the fertilizer crisis, Reni Mayerni explained that this crisis was exacerbated by the energy crisis

experienced by several European countries. She explained that natural gas accounts for around 80 percent of the total cost of fertilizer production. The growing energy crisis will threaten the availability of fertilizers. At a certain point, if the demand is not accompanied by adequate supply, it will raise the price of fertilizer even more. As a domino effect, food prices have the potential to soar as a result of higher production input costs.

The FGD presented five people as speakers, namely the Director General of Agricultural Infrastructure and Facilities of the Ministry of Agriculture of the Republic of Indonesia Ir. Ali Jamil, M.P., Ph.D. which discussed "Ministry/Agency Policy Synergy to Maintain Fertilizer Supply & Food Security", Acting Director General of the Chemical, Pharmaceutical and Textile Industries of the Ministry of Industry of the Republic of Indonesia Ir. Ignatius Warsito, M.B.A who discussed "Policy Synergy to

Increase Productivity and Competitiveness of the Fertilizer Industry in Anticipation of the Fertilizer Crisis", Permanent Professor of the Faculty of Economics and Business of Bogor Agricultural University (IPB) Prof. Dr. Amzul Rifin, S.P., M.A. discussing "Fertilizer Policy Transformation in Indonesia to Anticipate Fertilizer and Food Crisis", the Expert Council of Bandung Institute of Technology (ITB) Alumni Association/Professor of Research at the National Research and Innovation Agency (BRIN) Prof. Dr. Nurul Taufiq Rochman, M.Eng., Ph.D. which discussed "Nanotechnology in the Fertilizer Industry Opportunities to Increase Agricultural Production" and the Marketing Director of PT. Pupuk Indonesia (Persero) Gusrizal discussed "Strategy to Maintain Fertilizer Supply to Anticipate Food Crisis".

Talent Management to Drive the Achievement of National Development Strategy

Lemhannas RI held a virtual socialization of Lemhannas RI Talent Management for all personnel on Tuesday (8/11). The socialization was opened by the Head of Human Resources of Lemhannas RI Colonel Agustiawarman, S.H., M.M. representing the Chief of the General Affairs Bureau of Lemhannas RI.

As is well known, Minister of Administrative and Bureaucratic Reform Regulation Number 3 of 2020 concerning Management of Talents for the State Civil Apparatus (ASN) has supported ASN with high performance and competence so they are continuously developed. This regulation also becomes the legal basis for all agencies to implement ASN Talent Management which is expected to also be integrated to encourage the achievement of the national development strategy.

In his remarks, Agustiawarman said that ASN Talent Management is carried out based on a merit system that considers qualifications, competencies, and performance starting from ASN planning, competency, and career development, to compensation.

As a Non-Ministry Government Institution (LPNK), Lemhannas RI strives to implement this policy so that it can have the best talents to fill key positions in the organization. "Talent management can encourage professionalism, competence, and talent performance as well as provide clarity and certainty for talent careers, create succession plans that are objective, planned, open, timely and accountable so that they can accelerate the implementation of the merit system at Lemhannas RI," Agustiawarman said.

As a speaker for the socialization,

First Policy Analyst, Assistant Deputy for Talent Management and Capacity Development at the Ministry of Administrative and Bureaucratic Reform, Efri Ihot Sinaga, said that initially, the focus was on knowledge, but now it focuses on adaptive learning. Furthermore, he stressed that an important part of creating a brilliant ASN, for now, and in the future, is the ability to find and nurture talent.

In line with this, Efri Ihot Sinaga revealed that ASN Talent Management aims to involve productive ASN who can achieve organizational goals, and develop new leaders. To achieve this, the ASN Talent Management process starts with talent acquisition, talent classification, talent development, talent mobility, and talent retention is overseen by a talent committee and a succession committee.

Directives from Lemhannas RI's Governor on the Event of Reflections of Educators and Educational Staffs

Governor of Lemhannas RI, Andi Widjajanto, conveyed several directives during the Reflection of Educators and Educational Staffs on the Teaching and Learning Process on Wednesday (9/11) at Gajah Mada Auditorium, Pancagatra Building, Lemhannas RI.

There were four directives from Andi Widjajanto during the reflection event. First, for the Deputy for National-Level Leaders Education Lemhannas RI to complete and design the issues that must be transformed within a period of November 2022 to the end of February 2023 so that the Governor can sign it in March 2023.

Second, Andi Widjajanto said that the character of education at Lemhannas RI lies in the national resilience, archipelago insight, national awareness and strategic leadership. In detail, related to national resilience, he has directed

the Legal and Cooperation Bureau to make a Memorandum of Understanding (MoU) with all universities affiliated with the Indonesian National Army (TNI) and Indonesian National Police (POLRI) to open a postgraduate program (S2) on national resilience so that we can build cooperation in capacity building of alumni and experts at Lemhannas RI. Meanwhile, related to the archipelago insights, Andi Widjajanto views that there were similarities with geopolitics. "We must relate the way we see the world and what happens in the world with our interests. It's an archipelago insight, it is the same as geopolitical awareness," he said. Andi Widjajanto views that national awareness can be translated academically as crisis management. Therefore, later, the education program can produce leaders with the ability to analyze crises and to find short-term solutions. Furthermore, Andi Widjajanto also mentioned that Lemhannas RI must project long term

potential issues. These issues are correlated because Lemhannas RI must prepare leaders who will be able to bring Indonesia forward. "That is the strategic leadership that must be prepared," he said.

The third directive is that Andi Widjajanto encourages all participants to learn by utilizing digital technology by studying in a digital room. Meanwhile, for the fourth directive, Andi Widjajanto said that Lemhannas RI needs benchmarks to become a center of excellence as stated in Presidential Decree Number 98 of 2016.

Closing his speech, Andi Widjajanto advised that the leadership style that must be strengthened in Lemhannas RI is command and hierarchy. He also hopes that this activity can clarify the direction to carry out transformation in the Strategic Leadership Program of the Deputy Office for National-Level Leaders Education.

Intellectual Exercise for Lemhannas RI's Professional Experts

Deputy Governor of Lemhannas RI, Lieut. Gen. TNI Mohamad Sabrar Fadhilah as Coordinator of Professional Experts (Tenaga Profesional /Taprof) of Lemhannas RI, led the Intellectual Exercise for Taprof Lemhannas RI with the theme of "Geopolitical Development" on Wednesday (9/11), at Syailendra Room, 3rd Floor of Astagatra Building, , Lemhannas RI.

Taprof of Geopolitics and Archipelagic Insights of Lemhannas RI Maj. Gen. TNI (Ret.) E. Imam Maksudi as Deputy Coordinator of Taprof Lemhannas RI in his report said that this event was the fourth time that the Intellectual Exercise for Taprof Lemhannas RI was held. It is planned that the event will be carried out continuously by discussing various ideas according to the areas of competence of Taprof Lemhannas RI respectively related to various global geopolitical issues that have national impacts. "Hopefully the Intellectual Exercise for Taprof can bring enlightenment, increase our understanding in our duties, and increase the enthusiasm to learn many issues related to the material taught by Taprof," he hoped.

Meanwhile, Mohamad Sabrar Fadhilah in his remarks, stated that the dignity of Lemhannas RI must be maintained by continuing to think nationally in the midst of the many changes that will occur. Highlighting this issue, he continued, Taprof Lemhannas RI must be ready to

fulfill various demands to constantly master knowledge and its development at global, regional and national scope according to their respective fields and competencies. This issue is considered exceptionally important considering that the dynamics of the development of the strategic environment is rapid and unpredictable. Therefore, it is hoped that the Intellectual Exercise for Taprof Lemhannas RI will be carried out more frequently.

In his presentation, Taprof of Nusantara Insights and Geography of

Lemhannas RI Maj. Gen. TNI (Ret.) Endang Hairudin, S.T., M.M. as a speaker said that in observing the latest strategic environmental condition, we must adapt to it, but don't forget the national interest. According to him, cooperation is the best choice rather than zero-sum game competition. He also believes that Indonesia needs to increase its strength in order to build the nation's resilience and competitiveness.

Public Speaking Training for Lemhannas RI's Personnel

A total of 47 Lemhannas RI's personnel participated in Public Speaking Training to commemorate Korpri's 51st Anniversary by presenting Co-Founder of Domo Academy Septianes Handinata or known as Coach Tian, on Tuesday (15/11) at Syailendra Room, 3rd Floor of Astagatra Building, Lemhannas RI.

Senior Lecturer of Natural Resources Lemhannas RI Prof. Dr. Ir. Bondan Tiara Sofyan, M.Si. as Chairman of Korpri Lemhannas RI in her report stated that this training was one of the series of Korpri's 51st Anniversary Commemoration. Bondan Tiara Sofyan hopes that this event can improve the participants' persuasive communication

skills when dealing with many people, convey information properly and clearly to the audience, and control the situation effectively. "This skill is important for Lemhannas RI's personnel whose main tasks are to educate national-level leaders, to carry out strengthening of national values program, and to conduct strategic studies, all of which require good public speaking skills," he said.

Meanwhile, Prime Secretary of Lemhannas RI Police Commissioner General Drs. Purwadi Arianto, M.Si. when opening the event said that one of the most important skills a person must possess is to be able to use effective communication methods. He also underlined that effective communication and leadership

are interrelated. As a leader, one must be a skilled communicator in building relationships at the organizational, community and group levels, even at a global scale to achieve greater results.

In line with the Prime Secretary of Lemhannas RI, Coach Tian as the speaker conveyed that public speaking skill is one of the most important skills for someone to master. On this occasion, Coach Tian delivered the topic on Fundamental Public Speaking, Structure of Content, Stage Positioning, Audience Attention Tools, dan Impact Gesture. In addition, the participants also had the opportunity to train themselves by practicing the material they had received.

Collaboration among Lemhannas RI, Bappeda, and Litbang of North Kalimantan Province on National resilience Measurement

Lemhannas RI Laboratory Center signed the Cooperation Agreement with the Development Planning Board (Bappeda) and Research and Development Agency (Litbang) of North Kalimantan Province on Wednesday (16/11) at Bappeda and Litbang Office, DPUPR Building, 4th floor, Tanjung Selor, Bulungan Regency, North Kalimantan.

The Cooperation Agreement signed regulates Data Sharing in the framework of Collecting and Processing Data for the National Resilience Measurement System in North Kalimantan Province. Head of Lemhannas RI Laboratory Center Air Vice Marshal Suroto, S.T., M.A.P. and Acting Head of Bappeda of North Kalimantan Province Ir. Helmi signed the Cooperation Agreement.

The collaboration aimed at sharing data in the context of collecting and processing data on the national resilience measurement system in North Kalimantan Province. The scope of the Cooperation Agreement includes the provision of supporting data for the national resilience measurement system, provision of technical support related to filling in the national resilience measurement system data, utilization of the national resilience measurement system, and increasing the competence of human resources in the utilization of the national resilience measurement system. The agreement is valid for 3 years after the signing date.
