06/2023

**JAKARTA** - Lemhannas RI held the Strengthening of National Values Program for the Indonesian Chinese Clan Social Association (PSMTI) in 2023. The theme raised in the strengthening program was "Implementation of National Values Derived from the Four Basic Consensus of the Nation to Maintain and Improve the Quality of Life in Society, Nation, and State" on Monday to Sunday (5-11/6). It was attended by 106 PSMTI members and was opened directly by the Prime Secretary of Lemhannas RI Police Commissioner General Drs. Rudy Sufahriadi (5/6), in the Dwi Warna Purwa Room, Lemhannas RI.

PSMTI as a forum for communication, interaction, absorbing, and channeling the aspirations of the Chinese in Indonesia, believes that understanding and implementing Pancasila (the Five Principles) as a whole is one of the paths to a harmonious pluralistic Indonesian society. "We believe PSMTI has a strong purpose and commitment to participate in the efforts to prevent the spread of values that arise as a negative impact of technological developments," said Rudy Sufahriadi.

This commitment needs to be supported by a strong understanding of national values considering that PSMTI members have

various different backgrounds, experiences, and perceptions as well as differences in the quality of understanding of national values. "The presence of PSMTI members at Lemhannas RI is an effort and a form of moral responsibility in overcoming various national problems, one of which is expanding the network owned by PSMTI to become a government partner in realizing development goals and objectives," Rudy Sufahriadi said.

On the same occasion, the Chairman of PSMTI Wilianto Tanta expressed his gratitude and appreciation to Lemhannas RI for holding this program. Currently, PSMTI is taking part in preparing the best future generations to actively participate in the development of the Unitary State of the Republic of Indonesia.

In addition, Wilianto Tanta hopes that the Strengthening of National Values Program for PSMTI can strengthen its members' sense of nationalism towards the Unitary State of the Republic of Indonesia and strengthen unity in the life of the nation and state according to four basic consensuses, namely Pancasila, the 1945 Constitution, the Unitary State of the Republic of Indonesia, and Unity in Diversity.

**JAKARTA** - Lemhannas RI and the Provincial Government of North Sulawesi agreed on a Memorandum of Understanding on the Improvement and Development of National Resilience in North Sulawesi Province on Friday (9/6), in the Nusantara Room, 1st Floor of Trigatra Building, Lemhannas RI.

"I think education at Lemhannas and any education in our beloved country is very crucial because excellent human resources will accelerate the development and growth of our economy," North Sulawesi Governor Olly Dondokambey said. According to him, well-educated humans are the key to Indonesia's future generation. Educated humans can give birth to excellent future generations in order to accelerate economic growth whose benefits can be felt by the community.

Therefore, Olly Dondokambey also expressed his gratitude after the North Sulawesi Provincial Government has been able to attend education at Lemhannas RI for four years in a row. **JAKARTA** - The Governor of Lemhannas RI Andi Widjanto who was accompanied by the Deputy for Strategic Studies of Lemhannas RI Prof. Dr. Ir. Reni Mayerni, M.P. held discussions related to the efforts to overcome conflict in Papua on Monday (12/6), at the Office of the National Human Rights Commission (Komnas HAM).

During the discussion, the Chairman of Komnas HAM, Dr. Atnike Nova Sigiros, M.Sc said that the human rights issue in Papua is one of Komnas HAM's priorities. "We still need a lot of information and perspectives on the government's strategy in responding to the situation in Papua," Atnike Nova Sigiros said.

Responding to this, Andi Widjanto said that there was a need for deeper collaboration between Lemhannas RI and Komnas HAM on human rights

issues. Furthermore, Andi Widjanto conveyed that the issue of Papua is one of the issues being studied by Lemhannas RI as requested by the President and Vice President of the Republic of Indonesia.

"Our main focus is to find out the way to ensure that acts of violence decrease or completely disappear," Andi Widjanto said. This is because the macroeconomic and socio-economic welfare indices in Papua have improved, but on the other hand, violence has continued to increase. According to him, Lemhannas RI has conducted several quantitative studies which show no correlation between economic indicators and violence.

Another obstacle is the record of human rights violations in the past. Lemhannas RI makes scoring for the short term using an assessment

methodology. "Our scoring has a modeling, for Papua the score in May is above the projected value, it is worse than we expected," he said. The score is based on the stagnation of human rights violation cases in Papua.

Also present at the discussion were Komnas HAM staff members, namely Komnas HAM External Deputy Chairperson Dr. Abdul Haris Semendawai, S.H.,LL.M., Secretary General of Komnas HAM Dr. Henry Silka Innah, S.Hut, M.T., Coordinator of the Sub-Commission on Human Rights Promotion Anis Hidayah, S.H., M.H., Coordinator of the Sub-Commission on Human Rights Enforcement Dr. Uli Parulian Sihombing, S.H., M.H., Mediation Commissioner Dr. Prabianto Mukti Wibowo, M.Sc., and Complaint Commissioner Hari Kurniawan, S.
